Murray Nurseries

PRICE LIST

for Spring of 1923, of High Grade
Nursery Stock

MARYVILLE, MISSOURI

Local and Long Distance
TELEPHONES

MAR 27 1923 ★

Established in Holt Co., Mo., 1880

Removed to Maryville, Mo., 1920

OUR BUSINESS is a home institution dealing direct with the people, all over Northwest Missouri, without any agents. Our patrons either come to the Nursery or order the stock they want, and it is up to us to see that they get good stock, prompt service and courteous treatment. We appreciate the confidence and patronage of our friends, and shall continue as in the past, to supply them with the very best of everything in our line.

THE ONLY SUCCESS WORTH WHILE, is merited success, and we believe our stock has proven its merits so fully that it is unnecessary to publish any of the hundreds of nice things and worth while statements with which our patrons have so kindly favored us. We believe in the practice of supplying our patrons only with such stock as we would wish to plant for ourselves; also in giving only advice that is disinterested and trustworthy, even though we may occasionally lose a sale thereby.

IN DEALING DIRECT with your Nurseryman there is very little chance for any misunderstanding or disappointment, as is so often the case when stock is ordered from agents and canvassers. Furthermore we save you the salesman's large commissions, and you have the satisfaction of knowing with whom you are dealing. You get the stock fresh, without undue delay, carefully packed to keep in good condition. If you get anything from us that is untrue to label, we stand ready, on proper proof to replace such item free of charge or refund the original purchase price of same. We take great pains to have all varieties pure and carefully marked, but in handling hundreds of thousands of trees and plants, an occasional variety will get mixed or a tag lost. This is beyond our power to entirely prevent, but is of such rare occurrence that we have averaged above ninety-nine per cent purity of varieties.

OUR STOCK is not in "storage." We do not take it up in the Fall; but leave it stand in the soil where it grew, until Spring (nature's resurrection time.) We run our tree digger as early in the Spring as the weather will permit, and take up our stock ready for delivery to our patrons. This varies with the seasons. Sometimes we can handle stock early in March; sometimes it is a little later, depending on the weather. If you are coming to the Nursery very early in the spring, you should write us before hand, so we can take care of your requirements; then if threatening weather, or frost still in our ground prevents handling the stock so early, we will so advise you. We are always glad to have our friends come, but do not want any one to be disappointed, if it can be avoided.

*Plant fruitful trees and blooming flowers;
Add beauty, pleasure, wealth, to golden hours.*
—George R. Murray.

MAR 27 1923 ★

Established in Holt Co., Mo., 1880
Removed to Maryville, Mo., 1920

OUR BUSINESS is a home institution dealing direct with the people, all over Northwest Missouri, without any agents. Our patrons either come to the Nursery or order the stock they want, and it is up to us to see that they get good stock, prompt service and courteous treatment. We appreciate the confidence and patronage of our friends, and shall continue as in the past, to supply them with the very best of everything in our line.

THE ONLY SUCCESS WORTH WHILE, is merited success, and we believe our stock has proven its merits so fully that it is unnecessary to publish any of the hundreds of nice things and worth while statements with which our patrons have so kindly favored us. We believe in the practice of supplying our patrons only with such stock as we would wish to plant for ourselves; also in giving only advice that is disinterested and trustworthy, even though we may occasionally lose a sale thereby.

IN DEALING DIRECT with your Nurseryman there is very little chance for any misunderstanding or disappointment, as is so often the case when stock is ordered from agents and canvassers. Furthermore we save you the salesman's large commissions, and you have the satisfaction of knowing with whom you are dealing. You get the stock fresh, without undue delay, carefully packed to keep in good condition. If you get anything from us that is untrue to label, we stand ready, on proper proof to replace such item free of charge or refund the original purchase price of same. We take great pains to have all varieties pure and carefully marked, but in handling hundreds of thousands of trees and plants, an occasional variety will get mixed or a tag lost. This is beyond our power to entirely prevent, but is of such rare occurrence that we have averaged above ninety-nine per cent purity of varieties.

OUR STOCK is not in "storage." We do not take it up in the Fall; but leave it stand in the soil where it grew, until Spring (nature's resurrection time.) We run our tree digger as early in the Spring as the weather will permit, and take up our stock ready for delivery to our patrons. This varies with the seasons. Sometimes we can handle stock early in March; sometimes it is a little later, depending on the weather. If you are coming to the Nursery very early in the spring, you should write us before hand, so we can take care of your requirements; then if threatening weather, or frost still in our ground prevents handling the stock so early, we will so advise you. We are always glad to have our friends come, but do not want any one to be disappointed, if it can be avoided.

WE DO NOT grow all our stock; but we **DO GROW ABOUT 80 PER CENT OF IT.** No up-to-date Nursery grows all of its stock. Reputable Nurserymen everywhere do an exchange business with one another on lines of stock on which they may happen to run short. Otherwise they could not maintain first class lines of stock. We sell some stock nearly every season to other Nurseries; but not to dealers.

LOOK OVER our price list; then make out your order at your earliest convenience. We will not send the stock until the proper season for planting it out. We send out **GOOD STOCK, WELL PACKED, TO REACH OUR CUSTOMERS IN GOOD ORDER.** We do not guarantee it to grow, but we do guarantee that it leaves our hands in good condition. If any stock is not in good order, or not satisfactory, on arrival, kindly report it to us promptly on receipt of same, and if any fault of ours, or of the stock, we will gladly make proper adjustment. Any such claim should invariably be made **NOT LATER THAN TEN DAYS AFTER RECEIPT OF STOCK.**

COME TO THE NURSERY this spring if possible, and get a good supply of nice fresh stock for your Orchard and garden, or for beautifying your home grounds, whether you have sent us an order or not. If you have sent your order in we will reserve the stock for you, but if not, come any way. We will do our best to please you.

WE PAY THE FREIGHT, EXPRESS OR POSTAGE, except as noted. Prices quoted herein are at the Nursery. We will, however, pay the freight on large bales and boxes, express on small bales, and postage on parcel post packages, on all cash orders, amounting to \$10.00 or more, to any R. R. point within 100 miles of Maryville. Under that amount purchaser must pay the freight or express charges, but we will pay the postage on **ALL CASH ORDERS** by parcel post, within the **1ST AND 2ND ZONES**, regardless of the amount of order. Only plants, grape vines, light shrubs, very small trees, etc., however, can go by parcel post. Express rates have become so high that they are now practically prohibitive on heavy and moderate sized bales; which will hereafter be sent by freight, (until express rates have been modified.) All shipments, whether by freight, express or parcels post, will be carefully packed so as to arrive in good order, even if by chance delayed a little in transit.

OUR TERMS are cash. Check, draft, or money order should be sent with order. We will ship stock, however to parties of known responsibility, (or who give satisfactory references,) with the privilege of paying the bill on receipt of stock. Two per cent discount may be deducted from the total amount of each cash order sent in before March 1st, 1923.

LOCATION. Our Nursery is located just west of the College Farm and south of the Wabash R. R. Packing Grounds and Tree Yard immediately west of Tourist Park, on Normal Ave.

These prices, in effect on and after January 1st, 1923, cancel all previous lists and quotations, and are made subject to stock being unsold on receipt of order, or when purchase is made.

APPLES.

Our apple trees are exceptionally fine straight, sturdy, well rooted, two year old stock. They will run about equal in size to average three year olds, and are much better.

First Class Apple, two years old, 5 to 6 feet, 50c each
\$45.00 per hundred

(Note:—We can furnish a few other kinds, but the following are our most popular varieties.)

Jonathan	Autumn Strawberry
Delicious	Snow (Fameuse)
Grimes Golden	Milam
York Imperial	White Winter Pearmain
Mam. Black Twig	Jennet
Stayman Winesap	Ingram ("Improved Jennet")
Winesap	Golden Winesap
Ben Davis	Gano
Yellow Transparent	Ramsdell Sweet
Red June	Talman Sweet
Early Harvest	King David
Red Astrachan	Minkler
Maidens Blush	Wagner
Wealthy	Duchess
Sweet Bough	Missouri Pippin
Banana	Wolf River

CRAB APPLE.

First Class, two years, 5 to 6 feet, 50c each.

Hyslop (very large blue), Whitney (fine large red), Red Siberian, Yellow Siberian, (heavy bearers, fine for jelly and preserves.)

PEACHES.

First Class, 4 to 5 feet, 50c each; \$45.00 per hundred.

These varieties are among the hardiest and best.

Alexander Early	Elberta
Alton (Early)	Crawford
Triumph Early	Crosby
Early Elberta	J. H. Hale
Carmen	Salway
Champion	Heath Cling

APRICOTS.

First Class, 4 feet, 75c each.

Early Golden, Royal, Superb, Moorpark.

QUINCE.

First Class, 3 feet, 75c each.

Orange, Champion, (Two of the most reliable sorts.)

CHERRIES.

First Class, 4 to 5 feet, \$1.00 each.

(Grown on imported stocks that do not "sprout" up from the roots.) Cherry trees should always be planted early. They will not do well if set out late.

Best sour varieties:—Early Richmond, Montmorency, English Morello. Half sweet:—May Duke. Sweet:—Black Tartarian.

PEARS—STANDARD.

First Class, 5 feet, 75c each.

Keiffer, Garber, Clapps Favorite, Flemish Beauty.

PEARS DWARF.

First Class, 4 feet, 75c each.

(The two best and most popular dwarf pears.) Seckel, (small, sugary, russet color.) Duchess (very large, fine quality, bears early.)

PLUMS.

First Class, 5 feet, 75c each

Hansen Hybrids—Sapa, Opata, Hanska, Waneta. (These varieties are making a great stir wherever they have been planted, usually bearing the next year after setting out; and are very fine fruit. The trees are extra hardy and vigorous.) Compass, Forest Garden, Quaker, Terry, Omaha, Burwood, (hardier than Burbank.)

GRAPES.

First Class Vines.

	Each	Per 100
Concord (the old popular favorite)	10c	\$ 7.50
Moores Early (black), Worden (black)	15c	12.00
Niagara (white), Moores Diamond (white)	15c	12.00
Elvira (white) Agawam (red), Catawba (red)	15c	12.00

CURRANTS.

XX Strong Bushes, 25c each.

Red Cross, Red Cherry, White Grape.

GOOSEBERRIES.

XX Strong Bushes, 25c each.

Downing, Houghton, Oregon Champion.

RASPBERRIES

No. 1, Plants, 5c each, \$4.00 per hundred.

Black Pearl, Cumberland (black), Cuthbert (red), King (red).

BLACKBERRIES.

No. 1, Root Cutting Plants, 5c each, \$5.00 per hundred.

(One root cutting plant is worth a dozen ordinary sucker plants, such as are usually delivered by agents.)

Early Harvest, Snyder (medium), Eldorado (large late.)

DEWBERRIES.

No. 1, Plants, 5c each, \$5.00 per hundred.

Lucretia.

STRAWBERRIES.

Senator Dunlap is by all odds the best Strawberry of all, in all localities, and under all conditions. Being a "perfect" or "staminate" bloomer it requires no cross fertilization. It will bear alone just as well as if planted with other varieties. Our crop of Dunlaps last season run about 50 per cent of berries from 4 to 5½ inches in circumference. We would not give Senator Dunlap for all the other Strawberries put together.

Each Per 100 Per 1000

Senator Dunlap, No. 1 Plants01	\$.85	\$ 8.00
Other Best Varieties of our selection		1.50	10.00
"Everbearing": Progressive, Superb.....		2.50	20.00

We have tried out many varieties of the so-called Everbearing Strawberries, and although Superb and Progressive have occasionally done very well, the Everbearers as a class, are often very disappointing, and we do not recommend them.

GARDEN ROOTS.

Each Per 100

Rhubarb, Victoria, 2 year roots	10c	\$ 7.50	
Asparagus, 2 year roots	3c	2.00	
Sage, roots	20c		

NOTE:—All parcel post orders in the first and second zones will be sent postpaid, but we can only send plants, vines, small shrubs or a small number of very light trees by mail. All other stock is too bulky and heavy. Nearly all our trees are too large and most of our shrubs are too stocky to go by parcel post.

SHADE TREES.

Each

Carolina Popular, 12 ft.		\$1.00	
American White Elm, 8 ft.		1.00	
Norway Maple, 10 ft.		2.00	
Sugar Maple, 10 ft.		1.75	
Soft Maple, 8 to 10 ft.		1.00	
White Birch, 7 ft.		1.50	
Cut Leaved Weeping Birch, 6 ft.		2.50	
Catalpa Speciosa, 8 ft.		1.00	
Catalpa Bungei (Umbrella Shape), 6 ft.		2.00	
Linden (Basswood), 8 ft.		1.50	
Sycamore, 10 ft.		1.50	
Mountain Ash, 8 ft.		1.50	
Weeping Mountain Ash, 5 ft.		2.50	
Teas Weeping Mulberry, 5 ft.		2.50	
Honey Locust, Thornless, 8 ft.		1.00	
Black Locust, 6 ft.50	
Russian Olive, 5 to 6 ft.75	
Russian Mulberry, 6 to 8 ft.75	
American Sweet Chestnut, 5 ft.75	
Butternut, 6 to 7 ft.		1.50	
Persimmon, 4 ft.		1.00	
Prunus Pissardi (Purple Leaved), 5 ft.		1.00	
Prunus Othello, (Purple Leaved), 5 ft.		1.00	
Bechtels Double Flowering Crab, 3 ft.		1.00	
Magnolia Soulangeana, 4 ft.		3.00	
Wisconsin Weeping Willow, 8 ft.75	
Laurel Leaved Willow, 8 ft.75	
Golden Willow, 8 ft.50	

EVERGREENS.

	Each	Per 100
White Pine, 2 ft.	50c	\$45.00
Norway Spruce, 2 ft.	50c	45.00
(Two of the best of all Evergreens for wind brakes and storm shelters.)		
Black Hills Spruce, 2 ft.	\$1.00	
(One of the finest Spruces.)		
Colorado Blue Spruce, 2 ft.	\$5.00	
(Western Strain.)		

DWARF EVERGREENS.

The Dwarf Retinospora's, although quite rare, are very popular wherever grown. They are said to be entirely hardy. We think, however, they should have some winter mulch while young. We do not have them in stock, but can get them for our patrons.

	Each
Retinospora Plumosa, 1 to 2 feet	\$2.50
Retinospora Filifera, 1 to 2 feet	2.50
Retinospora Pisifera, 1 to 2 feet	2.50
Retinopora Aurea, 1 to 2 feet	2.50

SUITABLE SHRUBS FOR FOUNDATION PLANTING.

	Each
Hardy Hydrangea, Paniculata, 2 feet, extra strong, full blooming	.50
Spirea Van Houtte, 3 to 4 ft., extra large, heavy clumps, (This grade of Spirea sells every where at 75c.) Our special price	.35
Deutzia, Pride of Rochester, 2 feet.	.35
Forsythia (Golden Bell), 2 feet	.35
Rhodotypos, Kerroids, 2 feet	.35
Calycanthus, Sweet Scented, 2 feet	.50
White Snowberry, 2 feet	.35
Syringa Philadelphus, 2 feet	.35
Tartarian Upright Honeysuckle, 2 feet	.35
Weigelia Rosea, 2 feet	.50
Cydonia Japonica (Japan Quince), 2 feet	.50
Yellow Flowering Currant (Sweet Scented), 2 feet	.50

DWARF SHRUBS FOR FOUNDATION PLANTING.

	Each
Barberry Thunbergi, 12 to 18 inches	.25
Deutzia Lemoine, 2 feet	.35
Deutzia Gracillis, 2 feet	.50
Spirea Anthony Waterer, 12 to 18 inches	.50
Spirea Arguta (Snow Garland) 2 ft.	.35
Spirea Colossa Alba, 12 to 18 inches	.50
Spirea Thunbergi, 12 to 18 inches	.35
Syringa Philadelphus Avalanche, 3 ft.	.50
Weigelia Eva Rathke, 2 ft.	.50
Weigelia Variegata, 2 ft.	.50
Pink Flowering Almond, 18 inches	.50
Desmodium Penduliflorum, No. 1	.50

SUITABLE SHRUBS FOR SCREENS AND BACKGROUNDS.

	Each
Golden Elder, 3 ft.	.50
Fern Leaf Elder, 3 ft.	.50
Bush Honeysuckle, White, 2 ft.	.35
Bush Honeysuckle, Red, 2 ft.	.35
Bush Honeysuckle, Pink, 2 ft.	.35
Purple Lilac, 2 ft.	.35
White Lilac, 2 ft.	.35
Mock Orange, Philadelphus, 2 ft.	.35
Snowball (Viburnum), 2 ft.	.50
Cornus Floridus (large white flowering Dogwood), 2 ft.	.50
Hydragea Aboresceus, 2 ft.	.50
Spirea Van Houtte, 3 to 4 ft.	.35
Staghorn Sumac, 4 to 5 ft.	.50
Glabra Sumac, 4 to 5 ft.	.50

Norway Poplar ("Sudden Sawlog"), 3 ft.	3.00	25.00

UNIVERSITY OF MISSOURI

No. 22

Agricultural Experiment Station

Plant Inspection Service

Columbia, Mo., August 30, 1922.

CERTIFICATE OF NURSERY INSPECTION

THIS IS TO CERTIFY, That in accordance with the Plant Inspection Act, passed by the Forty-seventh General Assembly and approved March 27, 1913, the nursery stock of the MURRAY NURSERIES, grown at Maryville, Nodaway County, Missouri, was inspected on July 13, 1922, by a duly authorized inspector and found apparently free from dangerously injurious insects or plant diseases.

Valid until July 1, 1923, unless sooner revoked.

L. HASEMAN,

(SEAL)

Entomologist and Chief Inspector.

Address all communications to

MURRAY NURSERIES
MARYVILLE, MISSOURI

We make every effort to have all trees, plants, vines, etc., true to label and in good order. If any tree, plant, vine or shrub sold by us should turn out otherwise, we agree, upon proper proof, to replace such item free of charge or refund the original purchase price of same; this being the full extent of our warranty, expressed or implied. MURRAY NURSERIES.
